

Business Development Manager (m/f/d)

Caleidoscope Capital

Looking for the next adventure? We are keen to add a business development manager to our core team at Caleidoscope Capital.

We are a Family Venture Capital, with three major focus areas. Funding projects on our own, co-founding projects with experts in various fields and investing in promising start up opportunities.

We are looking for a motivated professional with the drive to succeed in business and passion in developing startup companies.

Some responsibilities: (including but not limited to)

- Creating Business Cases for new projects
- Creating all relevant materials such as Pitch Decks, Sales Decks, etc.
- Assessment of arising startup investment opportunities
- Setting up operational processes
- Finding new business partners
- Task management for a selection of projects
- Managing Team Members

What are we looking for:

- Passion for what you do
- Finished masters degree in economics or comparable
- First work experiences in relevant positions
- Good skills with google sheets / excel
- Ability to create business cases, Pitch Decks, etc.
- Capability of managing several tasks simultaneously
- Motivation to develop one or more startup projects

What can you expect:

- diversified area of responsibilities in several projects
- opportunity to step in at an early stage of the development
- chance to develop your skills extensively
- great possibilities of personal growth and fast career development
- great team spirit
- Opportunity to be part of the extraordinary success story of great projects
- Adequate remuneration and benefits

If you are interested send us an email with your CV to hr@caleidoscopecapital.com
